

**The Jane Austen Book Club**

*The Jane Austen Book Club* reveals the lives of an ensemble of present-day friends through the witty prism of their literary heroine. Six book club members, six Austen books, six interwoven story lines over six months in the busy modern setting of Sacramento, where city and suburban sprawl meet natural beauty. Today's central California may be far removed from Regency England, but some things never change.

Directed by Robin Swicord. Based on the best-selling novel by Karen Joy Fowler. Stars Emily Blunt, Maria Bello, Hugh Dancy, Maggie Grace, Kathy Baker and Amy Brenneman.

Only at the movies from January 17, 2008

**Stories from the Earth**

As featured on the Book Show

"This was an incredible, amazing experience. Why? The elemental mixing of inspiring landscapes, dripping sweat, pens scratching on paper, creaking knees, soft breezes, heady laughter, warm embraces and off-beat improvisations." Dr Elaine Harding – Environmental Consultant.

"a wonderful, invigorating, nourishing experience ... Go for it if you get the chance!" Nicola Carter – Clinical Psychologist
