

Nancy Shearer

Editing Support Service

Nancy Shearer's long relationship with the printed word has taken a new direction with the creation of her editing business, Nancy Shearer Editing Support Service.

Nancy has enjoyed twenty-plus years of retail bookselling primarily as the owner/operator of Shearer's Bookshops in Gordon and the Brown Bookshop in Bowral. All facets of bookselling – promotional material, articles for local press and all the project managing involved – have helped hone Nancy's organizational skills and eye for detail. Parenting, a career in Nursing and a postgraduate diploma in Leisure Studies all predate Nancy's new career move.

Nancy's qualifications for this foray into copy-editing and proofreading began by correspondence with *Lifestyle Learning Direct* and continues at the NSW Writers' Centre, The Society of Editors NSW and online with Emend Editing. In fact, everything now read or discussed becomes a lesson!

Professional experience to date includes inspirational texts, educational materials and non-fiction books and articles. Nancy enjoys the challenge and process of copy-editing and proofreading – with the added bonus of no longer having to stand all day!

Nancy works from home and is happy to discuss any new projects.

Antonino's Niche

A Memoir - from one of the world's most beautiful places and most passionate cultures - La Storia di Mio Padre

Letizia De Rosa

ANTONINO'S NICHE by LETIZIA DE ROSA

"...a realistic but wonderful story which plays itself out against an authentic historical, political, social and cultural background. If you are tired of the increasingly formulaic, 'Kitchens in Tuscany', 'Houses in Umbria' and 'Villas in Venice', then read Antonino's Niche. You will learn more from this work than from many histories or sociologies – more about Italian culture, about families, about fear and about love."
